

This is not a formal quote. The information below is intended to illustrate our four levels of AC system offerings. Pricing is based on a 3-ton AC unit with a closet-mounted electric furnace. Please refer to the notes below for variables that may affect final cost. Every job is unique, and pricing may vary. Contact us to schedule a detailed, firm quote.

3 Ton Systems (Labor included)

Also available in 1.5 through 5 ton

Annville AC offers four system options to match a variety of comfort needs and budgets. The **Essential Series** provides dependable, basic cooling with minimal humidity control. Moving up through the **Performance**, **Elite**, and **Ultimate Series**, you'll notice increasing levels of efficiency and comfort. Systems with **multi-speed** or **variable-speed technology** run longer at lower speeds, delivering more consistent temperatures, better energy efficiency, and improved humidity control—perfect for our humid Coastal Bend climate

ESSENTIAL SERIES: Rheem

Reliable and Efficient cooling for everyday comfort.

- Single stage compressor and indoor fan. Basic Cooling.
- After market thermostat: No "Advanced" Humidity Control

Starting at \$5,843
